THE :: FLAG :: ENFOLDED :: LIBERTY :: LOAN
The Making of the Bonds for the Second Loan.

In Uncle Sam's workshop.
This is an exclusive photograph made at the Bureau of Engraving and Printing at Washington. It illustrates the making of the bonds. The public knows little of the many processes that must be gone through before they get the valuable paper that means that they have contributed their share to the life-blood of the nation. The bureau worked twenty-four hours a day getting out the bonds. The finely engraved and richly printed sheets are the results of days and weeks of careful preparation and toil.

Statement Says "Democracy versus Autocracy," is Issue of the War.

WASHINGTON, Oct. 21.—Samuel Gompers, president of the American Federation of Labor, has issued an appeal for the workingmen of America to subscribe to the second Liberty Loan. The world, he said, is engaged in a life and death struggle to determine whether imperialism and autocracy or freedom and democracy shall prevail and it behooves every man and every woman to support with money the men of America who are going forth to fight for freedom.

"Many of our men are in France," Mr. Gompers' statement said. "Others are being prepared to go over there, offering the supreme sacrifice, if necessary, in defense of the great principles for which the democracies of the world are fighting. It behooves every man and every woman to support them with money. The needs of our fighting forces shall be supplied and the only way that these can be met is by money."

He appealed to the workmen, particularly to the men of labor of America, to do all in their power to buy a Liberty Bond and suggest that they appear at the rally to be made on Wednesday, October 24.

THE LOAN IN FRESCO.

(BY A. P. NIGHT WIRE.)

FRESNO, Oct. 21.—Tollers, mothers and little children, subscribe to the Liberty Loan. The tollers of the valley at a rousing mass meeting at the Civic Auditorium. No one subscription, shouted from the floor of the hall, was larger than the \$20,000 announced by the employees of the Associated Pipe Lines. The amounts ranged from the toll of the highest bidder, down to \$50 bonds, purchased by men and women in every walk of life. The total subscribed at the meeting was \$1,200,000. The tollers of the valley for Fresno county to \$2,190,000, or more than 50 per cent. of the quota.

SACRAMENTO'S TOTAL.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Oct. 21.—One million six hundred and fifteen dollars has been subscribed in Sacramento for Liberty Bonds during the four-day drive that is now in progress here. This represents the city and county. If the county subscription is added, it will amount to raise \$450,000 every day between now and next Saturday night.

The valley counties are coming in. The tollers of the valley of the thirteen counties has subscribed the minimum and are now striving to reach the maximum. El Dorado county has subscribed \$100,000; Colusa, \$75,000; Yuba, \$250,000; Nevada, \$320,000; Placer, \$150,000 and Plumas, \$3500.

***Moon Islands Pass into the Hands of
Invaders, but They Fail to Cap-
ture Vessels They Bottled.***

BY ATLANTIC CABLE AND A. P.]

PETROGRAD, Oct. 21.—The Russians have succeeded in getting all their ships except observation elements out of Moon Sound without losses and in perfect order, according to an official communication issued by the marine department. The communication says that Oesel and Moon Islands have definitely passed into the hands of the Germans, but that the military operations on Dago Island are being hampered by topographical conditions, notably the marshy grounds.

Berlin War Office Admits that Houses in the City Have been Damaged.

BERLIN, Oct. 21 (British Admiralty, per Wireless Press).—The Belgian port of Ostend, which is a submarine base of the Germans on the North Sea, has been bombarded from the sea, it was announced by the German War Office today, houses in the town being damaged.

On a nine-mile front, between Vauxaillon and Braye, in the Aiane region, the French last night began an artillery bombardment of the greatest violence, at times attaining drum fire, the German statement says. Infantry attacks have not been launched.

On the Belgian battlefield, Anglo-French reconnoitering parties, after intense artillery preparation, advanced many times last night against the German positions. These detachments, the bulletin adds, were repulsed with heavy losses.

Russian naval forces, which retired behind Moon Sound after an engagement last week with a German squadron in the Gulf of Riga, have left Moon Sound and are sailing in a northerly direction, it was officially announced today by the German War Office.

German forces have occupied the island of Schildau, between Moon Island and the Esthonia mainland. The Teutons who landed on the island of Dago have reached the east coast and have captured several hundred Russians.

WASHINGTON, Oct. 21. — Resources of national banks, notwithstanding the government's great programme of war financing, again have exceeded their previous record of strength. Comptroller Williams announced tonight that total resources September 11, the date of the last bank call, were \$1,069,000,000.

"If \$15,000,000,000 of deposits should be withdrawn from the national banks of the country," the comptroller said, "their deposits would still be \$258,000,000 greater than they were at this time in 1913, the year before the outbreak of the European war."

"Deposits are given as \$1,234,000,000. These figures include only

MILWAUKEE, Oct. 31.—Accidentally shot in the back by his brother Gustave, while hunting ducks near Rush Lake, Wis., this morning, United States Senator Paul O. Hustung, died at a farmhouse near the scene of the accident late tonight.

According to reports here, Senator Hustung had sighted a flock of ducks and called to his brother to shoot. He was in front and as his brother fired, he raised, receiving the full charge of shot in his back. He was rushed to a farmhouse near by and physicians found his condition was such that it was inadvisable to move him to a hospital.

Paul O. Hustung, Democrat, of Mayville, Dodge county, Wis. was born at Fond du Lac, Wis., April 25, 1856. He attended the common schools of Fond du Lac and Dodge counties, until his sixteenth year, then he worked in a general store, the postoffice, the railway postal service and then as clerk in the office of the Secretary of State. He entered the University of Wisconsin in 1895, passed the State bar examination and commenced the practice of law at Mayville, Wis. He was elected District Attorney in 1902 and re-elected in 1904; in 1906 was elected State Senator, and was re-elected in 1910;

He was elected to the United States Senate in 1914. Survived by wife, Stephenson.

GERMAN-AMERICANS
RALLY TO WAR LOAN

[BY A. P. NIGHT WIRE.]
NEW YORK, Oct. 31.—Two thousand men, women and children of German birth or descent, grouped around the Carl Schurz monument in Central Park today, reaffirmed their allegiance to the United States and pledged themselves to aid to the end in waging war against "the enemies of Liberty and Freedom."

The meeting, which began as a League of Women Voters' Educational Loan rally, ended as an impressive, patriotic ceremonial, when the throng joined in singing "The Star Spangled Banner."

Dr. George Sylvester Viereck, gave to the limit of "your means," and "Let us carry on the war to victory," were some of the pleas of the German-American speakers, who moved their audience to cheers.

The declaration of William Foster, the president of the Lieberknecht Club, that "no matter what the cost, our flag shall be maintained unpromised," was greeted with applause.

George Sylvester Viereck, editor of "The American Review," and Fatherland, said that Americans of German birth or descent "have never been a sham, and they will not fall, but rise."

[illegible]

HOW TO BUY LIBERTY BONDS.

In response to many inquiries regarding buying Liberty Bonds, the answer is that the method is very simple. Any of the banks in the city will handle the business for you. It is necessary to pay 10 per cent. of the value of the bond as the first payment and then arrangements may be made to pay the remainder on the installment plan. As an example—if a person buys a \$50 Liberty Bond, they must pay at least \$5 for their first installment, unless some special arrangements have been made for smaller installments. Some purchasers pay cash in full for their bonds, but this isn't necessary.

Any of the banks of the city are willing to give information at any time regarding the Liberty Bonds and will aid anyone, no matter how small their purchase.

The bonds begin bearing 4 per cent. interest next November 15.

as freely to the Liberty Loan. To-night as the rich vineyard of the valley at a rousing mass meeting at the Civil Auditorium. No one was disappointed, routed from the floor of the big hall, was larger than the \$20,000 announced by the employees of the Associated Pipe Lines. The highest single subscription, down to \$50 bonds, purchased by men and women in every walk of life. The total for this county was \$200,000, or nearly \$200,000, bringing the total for Fresno county to \$2,190,000, or more than 50 per cent. of the county's total.

(BY A P. NIGHT WEEK.)

SACRAMENTO, Oct. 21.—One million six hundred and fifteen dollars has been subscribed in Sacramento for Liberty Bonds during the four-day drive that is now in progress here. This represents the total for the county.

The county's Liberty Loan drive is expected to raise \$450,000 every day between now and next Saturday night.

The valley counties are coming in with the big subscription. Of the thirteen counties has subscribed the minimum and are now striving to reach the maximum. El Dorado county has subscribed \$250,000; Colusa, \$375,000; Yuba, \$280,000; Nevada, \$220,000; Placer, \$150,000 and Plumas, \$390,000.

A Willow hostess

and a falsehood which followed it was more dangerous still. That he was not a man to be trifled with, he told him harder, more unmercifully than any other trainer he had ever met, and he was right.

The colonel hasn't wrestled or chopped trees or boxed at Jack Cooper's, but he has done everything that the famous trainer has done, and in connection with boxing he made public something which would surely have won him the respect of his kindred know about. That is that he is blind in his left eye. It happened in this way:

"I haven't wrestled since I was Governor at Albany," he said, in answer to a question. "I was wrestling with a man named Leonard, and Leonard was so strong that he could take care of himself and me too, but when he went away I began to wrestle with an amateur. The amateur was a shoulder blade wrestler and broke three of my short ribs and one of the forearm's long ribs and gave me the last rib." Leonard was a champion.

"The last boxing I did was in Washington. I boxed with my aides most of the time; but one day a fellow named George E. Brown came along and broke some blood vessels in my left eye. I have never been able to see out of it since. I don't believe many people know about it."

HEAD OF THE LOGS.
[BY A. P. NIGHT WIRE.]

SEATTLE, Oct. 21.—The Pacific Logging Congress at its final session here today elected the following officers: Eureka, Cal., president, and George Cornwall, Portland, secretary-treasurer. The convention closed for business after the election of the officers.

MILLWAUKEE, Oct. 11.—Accidentally shot in the back by his brother Gustave, while hunting ducks near Rush Lake, Wis., this mornning, United States Senator Paul O. Hustung died at a farm house near the scene of the accident late tonight.

According to reports here, Senator Hustung had sighted a flock of ducks and called to his brother to shoot. He was in front and as his brother fired, he raised, receiving the full charge of shot in his back. He was rushed to a farmhouse near by and physicians found his condition was such that it was inadvisable to move him.

(BY DIRECT WIRE-EXCLUSIVE DISPATCHES.)
CHICAGO, JULY 21.—By a vote the Chicago Federation of Labor at its regular meeting yesterday afternoon, deprecating the movement toward his expulsion from the state, in a set of resolutions recited his devotion to the organized labor in the same time the resolutions plain that La Follette's war are not shared by the majority of members of the organization.

After reciting that "to none its loyalty and patriotism in this he has shown, and further reciting that his long friendship for organized labor," a motion was made "for La Follette to be tolerated" to the resolutions for La Follette "to be a democracy, a right to be express the views of an individual on this and on all liberty."

The resolutions that La Follette "our confidence in his integrity and loyalty as a true citizen, even though we with the great body of his people on some questions and."

THE WIRE-EXCLUSIVE DISPATCHES FROM THE BUREAU OF WASHINGTON, JULY 21.—Public confidence in the issue of securities by companies, and substitution of a new system of rates on stock, the customary flat five-cent rate, are strongly advocated in resolutions submitted to the National Association of Railway Commissioners.

Chairman Almonzo R. Weed of Massachusetts, in submitting the resolutions of the committee on capitalization and corporate relations recommended legislation by Congress to allow State commissions to handle the Interstate Commerce Commission on applications for securities in respective States.

"In operation and exploitation," it stated, "have almost invariably created opportunity in freedom of public interference of regulation of the issue of securities. It is not a cause but rather a series of high rates. But it clearly reveals that it is persistent in the rate and what is of equal perhaps even greater importance tends to interfere with the improvement and the rendering a satisfactory service."

It was also true that the unregulated issue of securities has added to the cost of the production of public utilities by small companies with little of their own

ated by the resolution of the federation and the position without a voice being raised.

SOCIALISTS INDONESIAN

Another resolution gave control over the issue of security to the people, and Socialist candidates for the coming election, professed indorsement on the ground that with the most vital elements of the private ownership of the utilities. "Had it been at the outset," the report

ting judges have been known to resort to the alternative of control over profits and restraining strike pickets. Such means of valuation would be necessary in rare instances, and some of the rights of labor would be lost.

Another resolution, also for public ownership committee, favored the move by the American Federation of Labor of a "Bureau of Economic Research" organized by economists and engineers. The resolution was also sharply defended might never be framed off."

Members of the committee on public utility rates were submitted by Chairman W. D. Wortham of Hampshire. The findings

MANY STATE BANKS JOINING RESERVE.

WASHINGTON, Oct. 21.—Seventy state banks and trust companies, among them some of the largest institutions of the kind in the country, have joined the Federal reserve system or made application for membership since October 1. Applications continue to come into the board at the rate of three to five a day and a decided increase in this number is expected within a short time.

Thirteen of the seventy institutions have been admitted to membership. They bring to the system total resources of \$1,227,745,398, swelling the resources of such member institutions to \$2,454,986,995. State banks and trust companies in the system, including recent admissions, number 103, and as soon as the full effect of President Wilson's request of nonmember eligible banks to join and thereby add to the desired mobilization of the nation's gold reserves is apparent, this number, it is thought, will be increased many fold.

Domestic Jar.

ACCUSES HUSBAND AND MOTHER-IN-LAW.

WOMAN TREATED AT HOSPITAL FOR SEVERE INJURIES.

Mrs. Dorothy Healy, formerly of Santa Barbara, declares spouse knocked her unconscious following family quarrel—Couple married less than one year.

BY DIRECT WIRE—EXCLUSIVE DISPATCH. SAN FRANCISCO BUREAU OF THE TIMES, Oct. 21.—Pretty Mrs. Dorothy, the 19-year-old bride of Emmett Healy, court reporter in the Federal Court, was examined at the Central Emergency Hospital tonight for injuries which she declares she received at the hands of her husband. She told the police that she and her husband had quarreled and that he had beaten her; that his mother had slapped her face, and he had knocked her down with such force that she lost consciousness.

At the hospital Mrs. Healy, who was Dorothy Menzer, daughter of Emma Menzer, of Santa Barbara, told a story of a sorry nine months of married life, due, she said, to her husband's ungovernable temper. She said they had quarreled continuously. Two weeks ago she left his mother's house at No. 124 Delmar street, where they had been living, and went to her parents in Santa Barbara, where she received numerous telegrams from her husband imploring her to return.

She said she forgave him and returned Friday morning. Tonight they quarreled again, and after many angry words, she says, Healy's mother slapped her face and her husband knocked her down.

Police from the Park Station reported that when they went to the Delmar-street house they found one at home. The doctor who examined Mrs. Healy at the hospital said he could not determine just how serious her injuries were. Later in the evening she left the hospital with her husband in a taxicab.

Members Engaged in War Work in France All Over or Below the Draft Ages.

NEW YORK, Oct. 21.—A cable message to the war-work council of the Young Men's Christian Association of the United States from headquarters of the association in Paris, made public tonight, announces that the policy of the organization "is to select for no service in France who is subject to draft."

"A total of 270 men have been sent to France for Y.M.C.A. work with the American expeditionary force," the message said. "Forty-one of these were subject to draft. From the group subject to draft, eight whose numbers were recalled have already enlisted in the army or navy. No Y.M.C.A. secretary in France has claimed or expects to claim exemption from regular military service."

"The recreational activities of the army are recognized by the authorities as of tremendous importance for victory. They require an organization such as the Y.M.C.A., whose work is carried on by men over military age and men not yet summoned to military service."

RAK WITH GERMANY DISCUSSED IN MEXICO.

BY A. P. NIGHT WIRE.]

The subject provides that a committee shall call on President Carranza and request him to make official at least a declaration of solemn benevolent neutrality toward the Entente Allies, which action is deemed necessary by the bills introduced for sustaining the government and re-establishment of universal peace and progress, as well as the life of the Mexican nation.

El Democrata, a pro-German newspaper, says that Mexico, in breaking off relations with Germany, would be going to war for the sake of making money and would bind its liberty under the yoke of the United States.

Paints with a reputation. Time is the one unfailing test of paint quality. Nearly half a century of time has proved the unvarying high quality of Horseshoe BRAND Paints & Varnishes.

In all those years there has been only one standard for "Horseshoe" brand products—the highest—so that now the "Horseshoe" label itself is accepted everywhere as an absolute guarantee of quality paint.

Your experience with "Horseshoe" paint will not only prove its high quality, but its low cost—because it spreads so much more surface per gallon than ordinary paints, and wears and protects the surface so much longer.

There is a complete line of "Horseshoe" brand Paints and Varnishes for every purpose and a complete line of colors. Look up the "Horseshoe" dealer in your town—his store should be your paint headquarters—the one place where you can get the paint that is nationally recognized as "best quality." If you are in a "Horseshoe" dealer in your town, write us.

THE CITY AND ENVIRONS.

For Drafted Men.

Harriet Toberman Auxiliary, Red Cross, will give a reception Wednesday evening in the First African Methodist Church in honor of Lieut. Jesse Kimbrough and the drafted Gold Moves Quartet.

Headquarters of the Needlework Guild have been moved to room 514 Van Nuys Building. Members have been sent notices of the change of quarters. The notice also says that there will be an gathering of garments on November 5, and Mrs. Bayle Workman, president of the guild, is sounding a call for new members. An entrance fee consists of a contribution of two garments and 10 cents. The garments are for distribution among the poor.

WOMEN TO FIGHT.

The fall "drive" of the women of the Congress churches of the Los Angeles district will take place Thursday at Plymouth Church, with 200 delegates in attendance. The needs of the missionaries and the welfare of the soldiers of the American Army will be the two principal topics for discussion and action. Following a devotional service, to be led by Mrs. Margaret Woodcock, Mrs. Seward A. Simons, secretary of the California Women's Committee of Council for National State Defense, will speak. Conference on various themes will be held in the afternoon.

MANY GATHERED IN NET OF THE LAW.

METROPOLITAN SQUAD RAIDS CAFE AND HOTEL.

Evidence collected in operations with the Police Bureau, Police Commission and District Attorney today, it is said—Taxicab Driver Slips Through Crime Mesh.

Two women, a proprietor of a downtown hotel and a waiter in a Spring-street cafe were gathered into the "vice net" of the police last night when Officers Sweetman, Lescoeur and McHale of the metropolitan squad raided two places suspected of violating the liquor and register ordinances. In addition to the arrests, further developments are expected, the police say, when evidence obtained in the raids will be placed before the Police Commission and the District Attorney's office today.

The officers' activities began at the Sanraman Cafe, No. 109-111 North Spring street. Two of the officers went into the place, they claim, and there were introduced by a waiter to two women. Later a taxicab was engaged for them and the party taken to the Huntington Hotel, No. 748 South Main street. In addition to the arrests, it is at that address that the two women, who gave the names of Mrs. Mary Gonzales and Miss Violet Young, were arrested for the alleged violation of the rooming-house ordinance, and a man who gave the name of P. M. Lickety, Jr., was also arrested. The charge against Lickety is violation of the register ordinance.

A RAID AT VENICE, FOUR GAMES CLOSED.

(BY DESK WIRE—EXCLUSIVE DISPATCH.) VENICE, Oct. 21.—Chief of Police But Reynolds tonight closed four "spot and flat" games on Windward avenue pier and also arrested four alleged pickpockets, including one man, who, he says, is nationally known as a crook and whose picture is in many of the nation's papers. He states that he closed the games because the patrons "had no chance to win."

The four men arrested are booked as vagrants. They came here from Los Angeles and gave their names as Edward O'Brien, E. H. Wright, James Emerson and Edward Winter. They will be taken to Santa Monica tomorrow to go through the identification bureau.

MRS. UPDEGRAFF DIES

Mrs. Elizabeth Updegraff of No. 1414 Gramercy place, wife of Dr. Robert Hardy Updegraff, a retired dentist, died at her home yesterday. Mrs. Updegraff leaves a daughter, Mrs. Walter L. Lark of Ruth, and a son, Walter L. Lark of Ruth. The announcement of funeral services will be made later.

AGED WOMAN DIES

Word has been received here of the death at Chippewa Falls, Wis., of Mrs. R. F. Wilson in her eightieth year. Mrs. Wilson the mother of Mrs. L. D. Sale, wife of the president of the Los Angeles Chamber of Commerce.

AUTO ACCIDENT DEATHS APPALL

Figures of Police Department Show Many Fatalities.

Preacher Blames Three Causes for the Mishaps.

Urges Heavier Sentences for Violators of Law.

Nearly 200 people are killed by automobiles in Los Angeles every year. More than 2000 people are injured in Los Angeles automobile accidents every twelve months.

These appalling figures, which tell the story of reckless driving, which is punished in hundreds of cases by suspended sentences in our police courts, were presented last night by Dr. J. Whitcomb Brougher in a forceful sermon at Temple Auditorium.

"The carelessness of automobile drivers is only one illustration of the thoughtless manner in which people treat human life," said Dr. Brougher. "The traffic division of the police department keeps a record of all automobile accidents happening in the city. Every one involved in an accident is required by law to make a report."

"But a great many minor accidents are not reported. Frequently serious accidents are not reported if the party to blame thinks he can get away without detection. I offer the exact figures from that department for the last four months."

"There have been on an average 800 accidents every month for the last four months. In connection with these accidents there have been about 200 people injured. Out of this 200 injured an average of ten to fifteen have been killed outright."

"Over 10,000 automobile accidents in Los Angeles every year. More than 2000 people injured. Two hundred of them killed—due to careless and reckless automobile driving. An examination into the cause for these accidents will disclose the fact that most of the serious accidents in which lives are destroyed are due to two or three causes—booster, reckless driving and violating the traffic ordinance in congested districts."

"If the police judges can get over this habit of suspending sentences wherever laws are broken that jeopardize life, it will not take us long to reach the Los Angeles public to get the rights of others and to drive with due consideration to the value of human life."

"Perhaps the law will help us to put a new value upon human life. Nearly every nation on earth is involved in this awful struggle. It may help us to understand the value of human life. No nation has put an estimate upon human life as Jesus Christ put there. We have all been careless and thoughtless. It is our duty to get people in the ordinary walks of life to be considerate of the welfare of others."

DIES IN ARIZONA.

Daughter of Man Who was Formerly Big Merchant Here Expires After Illness.

Mrs. Irma Sidney Goldman, 30 years old, formerly of Los Angeles, died suddenly in Phoenix, Ariz., yesterday. She was the daughter of Mrs. Charles Jacoby of this city and the late Charles Jacoby, one of the original members of Jacoby Bros.

Mrs. Goldman has been living in Phoenix for several years and her husband, Sidney Goldman, is in business in that city. She was born in Los Angeles and lived here practically all her life. Mrs. Goldman returned to the Arizona town last month after spending the summer in Los Angeles and Ocean Park. The funeral is being sent to this city and the funeral arrangements will be announced later.

LIBERTY LOAN FILM.

The initial production of the Romyne Superfilm Company, a Liberty Loan film, was shown to the local members of the Bankers' Association at the latter's dinner at the Alexandria Saturday evening. It will be shown again in the Alexandria ballroom this afternoon at 3 o'clock, the proceeds to go to the loan.

GERMAN WOULD KILL KAISER.

Four Aims, Including Alleged Baron, are Held at Camp Lewis.

(DIRECT WIRE—EXCLUSIVE DISPATCH.)
CAMP LEWIS (Tacoma) Oct. 20.—Four Germans, arrested at Camp Lewis by the military police, tonight are in the Tacoma City Jail awaiting an investigation of their records. The men are E. Frankenberg, who claims to be a German baron; K. Fischer, H. C. Filer and Paul Walter Glass.

According to Federal authorities, Frankenberg answers the description of a noted German who has been operating in the United States. He was employed as a cook in a cafe near the camp; Fischer as a carpenter by the camp contractor; Filer in a camp bakery, and Glass as a cook for one of the officers' messes.

"I hope to go back to Germany some day and claim my title and wealth for the benefit of my American wife and my three children," said Frankenberg in the City Jail tonight.

"The Kaiser will have to be killed first, however, and if I were unmarried, I would like to be the man to do the job."

greeted by relatives and friends who had been advised of their coming. At Fresno 5000 boxes of raisins were distributed among the men. At Dunsmuir, near Shasta, the women and men of the town gave the boys a welcome. The men were given exercise and drill along the route, making sufficient stops at various towns, including Bakersfield and Ashland.

Lieut. Col. L. M. Farrell of the One Hundred Fifty-ninth Infantry and other officers were on hand to aid in the work of placing the new soldiers. The officers believe that the drafted men who are more or less "rookies" will be greatly aided by association with the regulars and guardsmen already here in the regiments they join.

When the drafted men arrived from the American Lake camp, they found their tents all erected. The veterans of the camp had attended to this detail. In contrast to the American Lake barracks, the arriving men will all sleep in tents and get their first taste of regular army life. To all appearance the men are in better condition than when they took up the first stage of army life at American Lake.

FIGHT SIDE BY SIDE.

Two Sons of Los Angeles Man With South Highlanders Somewhere in France.

Seward and J. Ardrey Macdonald, sons of Mr. and Mrs. R. W. Macdonald, No. 4211 Hubbard street, are now fighting side by side, somewhere in France, according to reports received here yesterday by their father. The two boys went to the front some months ago in the Seventy-second Infantry. "They are where the fighting is," said Mr. Macdonald yesterday.

CHICAGO IS FACING REAL COAL FAMINE.

PRESENT FUEL SUPPLY WILL LAST BUT THREE DAYS.

Unless at Least One-half of Mines on Strike in Illinois Resume Work Today Much Suffering Will Result—Appeal Made to Federal Authorities.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF TIMES, Oct. 21.—Chicago and section of the country within one-half of the striking mines are now facing a real coal famine. Unless at least one-half of the mines go back to work tomorrow, the city faces a situation. And even if 50 per cent of the mines do go back to work, many Loop office buildings, apartment houses, and the government buildings on the south side of the city will be totally cut off coal and the agents and holders unable to obtain any more of this week.

The above statement is based on information given today by U. S. Attorney General, and John E. Quinn, administrator for Illinois, George Cushing, editor of the Diamond, official coal trade journal, and Mr. Cushing and Mr. Quinn are authorities on coal conditions.

Mr. Williams at his headquarters, Illinois, has been working week end with the officials in Washington in a cautious coal situation in the city and Chicago, and the alarm is being given to what Federal authorities are doing.

WILL HOLD CONTENT.

Early Start to Have Corn Display Saturday—Much Interest Shown in Competition.

(LOCAL CORRESPONDENCE.)
EARTHQUAKE, Oct. 21.—A content will be held here today and prizes are offered for the best mello maize, kaffir corn, ferretta display, etc. The contest will be held at the fair grounds. It will also be displays of corn, peanuts, sweet potatoes and other crops. The contest is in charge of W. L. Norris, who is in charge of the fair. The contest is an exceptional character. One farmer in this district won \$50,000 worth of wheat in 1916 and there are thousands of acres sowed to grain. The district is irrigated by means of the alfalfa plants and the alfalfa is of such a high quality as to command the highest prices.

Flex from Toledo, Uruguay has turned the home to advantage by manufacturing fertilizer and grain from the soil, which seems to be on a new basis. Some of Germany's best fertilizers are made in Toledo.

CANYON FIRE MENACES HOMES WORTH MILLION.

MORE than \$1,000,000 worth of homes were menaced, two lives were almost sacrificed, and 300 volunteer fire fighters were pressed into service for eight hours yesterday when flames swept over the Santa Monica Mountains from Hacienda Park, near Sunset boulevard, for a distance of six miles to a point near the Los Angeles River.

The flames got beyond the control of the score of volunteer fighters at noon, and a general S.O.S. was sent broadcast throughout Hollywood.

The Los Angeles fire department sent apparatus to assist the Hollywood department, and organized work of fighting the spreading flames began about 1 o'clock, under the direction of Battalion Chief Samuel H. Dodd, of Hollywood. The fire was under control at 5 o'clock last night.

A camper who attempted to kill a snake by shooting at it started the blaze at 9 o'clock in the morning. The fire from the gun barrel started some dry brush to burn, and the flames, fanned by a strong breeze, sent a wall of fire fifty feet high roaring through Poverty Canyon, Laurel Canyon, Hollywood Glen, South Canyon, and before noon it had mounted to the top of the mountain, threatening Lookout Inn and observatory.

COUPLE NEARLY PERISH.

The thrill of the day was furnished by Mr. and Mrs. Haskell Russell of Laurel Canyon, who were trapped in Hollywood Glen when a wall of flame cut off their retreat. The young couple had been fighting the fire for several hours, hoping to save their home, when a roaring blaze shot across the roadway, making retreat impossible.

A score of firefighters battling with the blaze several hundred feet above, heard the terrified scream of the young woman, but they were powerless to render aid.

Both Mr. and Mrs. Russell started to climb the side of the mountain, hoping to elude the flames. The smoke became denser and belted in the thick of it, the young man became unconscious and fell. Mrs. Russell, seeing her husband in a helpless condition, fell to the ground. Several minutes later the heat from the fire became unbearable, and making a last effort, the young man rose, gathered up his helpless wife and started forward.

The shouts from the men who were watching the unusual struggle directed H. W. Tremble of Laurel Canyon to the spot, and he gathered Mrs. Russell in his arms and climbed to safety with her.

BEAUTIFUL HOMES MENACED.

About fifty magnificent homes in Laurel Canyon and Hollywood Glen were in danger throughout the entire day. The homes of Ralph M. Walker and W. A. Faris, proprietors of the Fifth Street Store, are in

CANYON FIRE MENACES HOMES WORTH MILLION.

Laurel Canyon, and each are valued at approximately \$100,000.

Flames swept around the home of Dr. Mary C. Jennings in Hollywood Glen, and only the quick action of the fire department in starting a back fire saved the residence. Dr. Jennings' home is filled with Indian curios and art treasures gathered from all parts of the world.

While the blaze spread throughout the entire section known as Poverty Canyon, Hollywood Glen, and South Canyon, which were all threatened, the fire was under control at 5 o'clock last night.

A camper who attempted to kill a snake by shooting at it started the blaze at 9 o'clock in the morning. The fire from the gun barrel started some dry brush to burn, and the flames, fanned by a strong breeze, sent a wall of fire fifty feet high roaring through Poverty Canyon, Laurel Canyon, Hollywood Glen, South Canyon, and before noon it had mounted to the top of the mountain, threatening Lookout Inn and observatory.

PHONE MERGER PLANS AFOOT.

Southern Pacific Next to be Given the Benefit of Consolidation.

Announcement was made yesterday that all Southern Pacific telephones at the passenger station, freight station and offices in the Pacific Electric Building will be consolidated this week. For this purpose a five-position board will be installed.

This merger of phones is in line with the Southern California Telephone Company's policy of merging service for the big companies as rapidly as possible. Announcement was made some weeks ago that the telephones in the Union Oil Building and the Southern California Edison Company's new building would be merged.

LIBERTY LOAN TRAITORS SCATHINGLY DENOUNCED.

Large Audience of Newspaper Workers Applaud Speakers' Words.

CASTING practically every American citizen into one of two classes—cowards and patriots, personified by those who have bought Liberty Bonds and those who have not—Leslie B. Henry, manager of publicity for the campaign for the second issue of the government's obligations, made an eloquent appeal for support of the loan to an audience of 1000 people, composed of newspaper workers and their friends at the Mason Opera-house yesterday afternoon.

Mr. Henry divided the honors of the day with Mary Pickford, who in a few words told her opinion of the Liberty Loan and the duty everyone owed in giving it their heartiest support. "I am only five feet tall and weigh only 100 pounds," said Miss Pickford, "but every ounce of me and every inch of me is fighting America."

"Regardless of nationality," she continued, "we have all enjoyed the peace and prosperity of the United States and if we are patriotic citizens we must contribute to the Liberty Loan."

"In the face of the pleas for food conservation which this government has made to its subjects so that none may want, I see everywhere evidence of gluttony still. This must stop if we are to keep from starvation in the future. If we don't do their bit, we must subscribe to the Liberty Loan and—anyhow, if we don't subscribe to the loan, the government will get our money in taxes."

"Unity is the word that will spell success for these United States in the present conflict. It is necessary for every man, woman and child to do their bit. We must subscribe to the Liberty Loan and—anyhow, if we don't subscribe to the loan, the government will get our money in taxes."

Miss Pickford was presented with a large bunch of yellow chrysanthemums at the close of her pertinent address. The tribute from the members of the journalistic profession.

Homer Roddeheaver, of the Sunday edition of the Times, with a ceaseless flow of wit and humor made some pointed remarks as to his opinion of newspaper men in general, and Los Angeles scribblers in particular.

He presented a historical drama in three acts on his famous trombone. The three acts consisted of "Yankee Doodle," "Dixie," and "The Star Spangled Banner," following which he led the assemblage in the singing of his famous song, "Brighten the Corner Where You Are."

With the concluding address of the programme, Mr. Henry said: "In the War of 1776, we bought men from Europe and those already in the Colonies to fight for us; in 1912 men were impressed into service in the army and navy; in 1917 a volunteer system supplemented with a draft furnished our military material; in 1918 we organized an army of volunteers, but in 1917, we have a system which allows no man to escape military service. Rich and poor alike must serve this nation if they are within the age limits prescribed and of physical fitness."

CALLING MUTINIOUS.

"We are forming a military organization which will fight for us, and many of whose members will die for us. Every individual must do his part; those at home must support the army at the front. I believe that the government bonds do not pay a high enough rate of interest; that they want 5 per cent, before they will invest. To these I remark: 'what would you say if 5000 American troops should desert their posts in front line trenches in France, in the face of a German attack, and say that they wanted \$40 a month instead of \$20? You would probably call them mutinous traitors, and there is no difference between them and you, who are holding out or giving the government financial support because you want more interest?'"

"By their deeds ye shall know them," was the basis on which Mr. Henry launched an attack on those who are evading the financial responsibilities incurred by the war.

"When you walk down the street and meet a friend," he stated, "find out if he has a bond, and if he has not, find out why. Make every one tell their story of service. Do not allow any to escape any more than you would allow a man trying to evade military service to escape."

LOS ANGELES SHORT.

"On the first issue of bonds, Los Angeles was short \$2,000,000 in its quota. Our quota for this issue was originally set at \$25,000,000; however, owing to the shortage in the first issue, we have set our mark at \$20,000,000, and we mean to raise it so that we can tell the country that Los Angeles was short \$2,000,000 the first time, but made it up three times over in the second issue."

Music was furnished by the courtesy of the Los Angeles musicians' organization, which sent a band of twenty pieces. Harlan G. Palmer, ex-president of the Southern California

PREPARE FOR CLOSE OF SUNDAY REVIVAL DRIVE.

Sermon on "Gethsemane" Preached to Mexicans—Ministers Start Conservation Move.

THE last week of the Billy Sunday campaign in Los Angeles is at hand. The final services of the campaign will be held in the big tabernacle, out at Twelfth street and Grand avenue, next Sunday. It is probable that there will be four services during the day, instead of the usual three on Sundays. Special events are scheduled for every day of the week, and it is expected that the trail-hitters will constantly increase in numbers each night, as the cumulative force of Billy Sunday's preaching and the other efforts of the campaign are assembled.

The results of the three meetings of yesterday brought the total number of trail-hitters for the day up to 1142, and the grand total for the campaign up to 29,558.

The spectacular event of yesterday was the afternoon meeting. It had the stage of a Mexican celebration, as there were Mexican flags and banners all through the central portion of the auditorium, and hundreds of Mexicans from this city, Pasadena and surrounding neighborhoods were massed together. There were delegations from the Spanish-American Institute, the Frances DePauw Industrial School, the De Campo Epworth League of Pasadena, and the various Protestant Spanish churches. And they sang in Spanish, one of the particular favorites of the fervent crowds, "Brighten the Corner Where You Are."

PRESENT A FLAG.

Dr. Virgil M. McCorn, district superintendent of Latin-American work for the Methodist Church, made the prayer, and Rev. Eucario M. Selin, pastor of the Mexican Methodist Episcopal Church, acted as interpreter when Billy Sunday voiced his special greetings to the Mexicans. A beautiful little muchachita was sent to the platform to present to Mr. Sunday a handsome silk Mexican flag, and when he waved it at various times during the service it aroused wild applause.

"In Spanish, when the invitation was given to hit the trail, there came a stream of Mexican people, including gray-haired men and women, folk in the prime of life, and on down to the little children of the industrial schools. These mingled with other trail-hitters, and took a spirited part in the services. Three hundred and sixty-seven people treaded the trail at this service. The closing prayer was in Spanish, by Rev. Mr. Selin, and Billy Sunday made a decided hit by calling out his closing greetings in Spanish.

Mr. Sunday's sermon yesterday morning was on "Gethsemane." His text was from Luke xxi:24: "And being in agony, He prayed more earnestly; and His sweat was, as it were, great drops of blood, falling down to the ground." The sermon was a strong exhortation to the church member and also to the non-professing man, and the result brought 500 people down the trail.

Last night Billy Sunday's subject was "After Death, the Judgment." And as it is appointed unto men once to die, but after this, the Judgment. The sermon was one of the most effective of the entire series delivered here by this noted evangelist, and the audience was deeply affected, so that there was a strong response when the trail was opened.

Immediately after the evening service, Mr. Sunday left for San Francisco. He will make speeches in that city, Oakland and Berkeley today for the Liberty Loan Bonds, and will start back for Los Angeles tonight, so that he may be on hand for the services tomorrow.

MINISTERS TO MEET.

This morning at 10:30 o'clock all the ministers of the co-operating churches are strongly urged by the Campaign Committee to meet with it at the Y.M.C.A. auditorium, to make plans for systematic conservation work—plans for the special care of the converts after the close of the present campaign.

At yesterday afternoon's meeting, Dr. Charles Edward Locke briefly presented the subject of the offering on the last day for the remuneration of Mr. Sunday. Speaking of the work Mr. Sunday has done here, he declared that it is immeasurable in its influences for good in the community, and that "There is no one like him; there are many imitations, but no reproductions. One of the direct results of these meetings will be that on the 26th day of November we'll drive the saloons out of Los Angeles." The declaration was greeted with wild and long-continued applause.

Tonight the three great choruses that have taken turns in singing at the tabernacle services will unite in a musical programme to which the public is invited. One of the choruses will be the singing of the "Hallelujah Chorus," from "Messiah," and "Unfold, Ye Portals." The programme will be in charge of Homer Roddeheaver.

Wonderful Bargains IN NEW R. S. Howard Co. Pianos

Grands and Upright Styles

\$275 for Uprights
Beautiful new pianos, mahogany cases, pianos which are complete in every detail of construction and finish. Fully guaranteed. If a walnut case is desired there will be an additional charge of \$10.

\$489 for Grands
Mahogany cases. The tonal beauty, easy action and artistic finish of the R. S. Howard Grand Piano appeals to all musicians. You will be delighted with this piano.

Easy Terms Arranged if Desired

We have discontinued the R. S. Howard Company agency and now offer these celebrated pianos at really remarkable prices. At this time when the cost of all materials is constantly advancing, these low prices will have a special significance to those who purchase their pianos now.

Liberty Bonds accepted at par in payment for merchandise or on accounts.

FRANK J. HART SOUTHERN CALIFORNIA MUSIC COMPANY
132-334 SOUTH BROADWAY, LOS ANGELES
Other Stores: Pasadena, Riverside, San Diego.

BORROW and BUY

The Time for Argument Has Passed

The Time for ACTION Has Arrived

The present business of the United States is WAR.

We are in it to the last dollar, to the last drop of blood and we are prepared to fight it out on these lines.

But whenever we can spend DOLLARS instead of spending LIVES, then we shall spend dollars—billions of them. We shall furnish the Government with these dollars—if not through voluntary subscriptions to bond, then through higher taxes.

If a man hesitates over an act which will save the life of your son, you do not ARGUE with him. It is not our heritage from the ages that we should argue and equivocate when HUMAN LIVES are hanging in the balance. When the choice is clear and sharp between lending money to the Government and permitting one unnecessary life to be lost by our soldiers—when it is BONDS OR BLOOD—when it is a simple financial arrangement at home or human agony in the fields of France—WILL ANY AMERICAN HESITATE?

We must not talk in terms of investment when we should be talking in terms of human life. The only possible question left today is how most effectively to ACT.

The answer is clear. It is

“Borrow and Buy”

" This is not finance—it is patriotism. Let us not mince words. Let us not temporize. Let us mobilize the magnificent machinery of the BANKS of America into the war service of our Government in the most tremendous crisis in its history.

Every man in the United States with a bank account **MUST** go to his bank, borrow **ALL HE CAN** and buy Government Bonds. Every bank must be ready and willing to lend.

DELAY COSTS BLOOD—THE BLOOD OF OUR OWN
SONS!

The Undersigned Banks pledge themselves to make loans on the Four Per Cent Government Bonds at the same rate of interest paid you by the Government. Such loans will not interfere with any borrower's regular line of credit.

We urge every bank in Southern California to do likewise.

RELIGION.

PREACHERS.

THE HIGHWAYS AND SEASIDE SINNERS.

Dr. Hecht preached at Park Congregational Church yesterday. He made the assertion that President Wilson represents Americans in their action to other nations better than any other man he knows.

In his long waiting before making a declaration of war, said the speaker, "President Wilson indicated our nation's idea of peace. It is peace at any price, not is it peace that ends at the first appearance of grievance. As with an individual, 'love suffereth long' and endures all things," so our nation growing toward that patience and forbearance, which enters hostility only as a last resort. As some touchy individuals are ready for a fight at the first opposition, so have nations considered honor at stake under all too slight provocation. We did well to wait long before entrance into war. And this is a war to end war, by securing justice."

REV. C. ELLWOOD NASH, UNIVERSALIST CHURCH.

DOCTRINES OF HELL INVOLVE FALSE METHOD OF HANDLING THE SCRIPTURES IS A PIVOTAL DOCTRINE, asserts Rev. C. Ellwood Nash of the Universalist Church. He preached yesterday on "A Brimstone Hell" and among other things he said:

"Nine-tenths of Billy Sunday's philippics could be pronounced by an infidel of decent principles, having no necessary relation to his creed. But he connects them with his creed, saying that the motive for a clean, honest, kindly life is merely to escape from 'hell.' May we not assume that his converts in hitting the trail also accept his motive and belief? And can error so egregious truly save? Are we ready to cast doubt upon the primary saying of Jesus, 'The truth shall make you free.'"

DR. WILLARD, FIRST CONGREGATIONAL.

ROBERTS AND HIS ORPHANS—GAMES GERMANY MUST BATTLE, was the theme of Dr. Wallace W. Willard yesterday morning at the First Congregational Church. Taking his text from the Proverb, "Wisdom is the principle thing, therefore wisdom," he observed that in the application of this proverb we have an indictment against the German government in that it has chosen not humanity, but might.

"It has seemed to me," he said, "that we need a new Book of Proverbs that would run something like this:

"Hate sendeth nations to hell, but good will and magnanimity are unbreakable guarantees of peace."

"Territorial ambition goeth before a fall, and national covetousness checkmats itself in the long run."

"Nations that think themselves darlings of God are possessed of the evil one, and every nation that exulteth itself shall itself be excluded."

"Suspicion breedeth suspicion, and every nation that thinketh of another nation shall receive into itself the rebound of that evil thought."

REV. W. E. TILBOE, UNIVERSITY METHODIST.

PREACHES SERMON ON DISCOURTESY OF RELIGIOUS TRADITIONS, AND MAKES SPIRITUAL SECONDARY.

According to Rev. W. E. Tilboe of the University Methodist Church, Los Angeles makes spiritual matters secondary to business. "Few people oppose religion," he declared in a sermon yesterday, "and Los Angeles has given the run of the house to Billy Sunday. But Los Angeles has not turned over the key, Los Angeles does not intend to turn over the key. Los Angeles intends not to turn over the key. Not just now. The farm and the merchandise are quite more important than religion. Los Angeles would never oppose religion. It only discounts religion. It makes light of it. Yet to discount religion is to discount every worthwhile thing on earth. The feast was given by the King. To neglect it, was treason to the fatherland. All duty is at discount with the sinner."

DR. HECHT, TEMPLE B'NAI BRITH.

MAKES URGENT PLEA FOR SUPPORT OF LIBERTY LOAN CAMPAIGN, QUOTES WORDS OF PROPHET.

The Liberty Loan campaign found a champion yesterday in the person of Dr. Hecht, who preached a sermon entitled "The Duty of the Hour" at Temple B'NAI BRITH. He discussed the loan from various phases and turned to the patriotic side, concluding as follows:

"Remember, the prophet did not regard words, even words of prayer, the most essential, but he recommended, yes, and urged: 'Seek ye the welfare of your country,' for it brings sacrifices for it is necessary, and then pray, pray for the blessing of God upon your efforts. 'I trust that in this hour of serious outlook there will be no slacker among us, but that we shall be ready to back up the professions of our line by the actual work in behalf of our country that has done so much for us. Let us enthusiastically uphold the hands of the government and see that the allotment for Los Angeles be oversubscribed."

DR. LOCKE, FIRST METHODIST EPISCOPAL.

TALKS OF WAR AND PRESIDENT'S WAR MOTTO, 'WILL STRIKE BE RISEL'.

"War Mothers" was the sermon subject of Dr. Charles Edward Locke at the First Methodist Church yesterday, and this is the way he outlined his attack upon the perpetrator of civilization's greatest outrage: "Prussian Kultur is expecting all the unwed women of Germany to become mothers, their children to be reared when necessary at the expense of the state. This is Prussia's most shameless insult to Christian civilization, the most daring climax of all the infractions upon the rights of our race."

"This plan of the Kaiser for the women of Germany and the systematic methods of the government to produce official mothers, must of necessity remove many of the safeguards of purity and will transform that fair land into an inferno of licentiousness."

"Prussianism is a malignant abomination in the body politic of the great German nation, and by a capital operation this poisonous and pernicious thing must be removed, and this war will not have been in vain if it shall succeed in exterminating this diabolical enemy of mankind."

ENGINEER EMPLOYED.

(LOCAL CORRESPONDENCE.)

SANTA ANA, Oct. 21.—E. D. Howell, chief engineer of the Department of Public Utilities of Los Angeles, has been employed by the Associated Chambers of Commerce of Orange county to assist in making a fight against the proposal to do away with free tolls between telephone exchanges in Orange county. The fight will be made before the State Railroad Commission.

LABOR FORCES IN NEW DEMAND

Agitator Would Force Revised Scale on Companies.

Operators Here Expected to Ignore Meeting Call.

Classification of Wages of Oil Workers Under Way.

Matters are apparently about to come to a head between the oil companies and the union labor agitators and their followers, for all companies here received formal communications yesterday, signed by W. J. Yarrow, styling himself the representative of the Oil and Gas Workers' Union, inviting them to send some one to represent them at a conference to be held at the Hotel Tanager, Bakersfield, November 1, to consider a series of demands made by Yarrow as to how they should conduct their business for the future.

Inquiry among the oil companies brings out the fact that few, if any, expect to be represented, and that they will continue to conduct their business in the future as they have in the past.

The list of demands which Yarrow has informed the companies he will submit for their acceptance are seven in number. He wants eight hours' work for all hands at the same rate of pay as now given for twelve and nine hours, and in some cases even more money. It is stated that the minimum wage, he says, must be \$4 a day for all classes of work. While demanding that the companies raise wages and expenses \$9 to 100 per cent, Yarrow says there must be no increase in the price of board, rent, lights or fuel, the higher prices which the companies pay for these commodities notwithstanding. Double time is demanded for all work in excess of eight hours.

Another demand is that the eight-hour day shall begin when the men arrive at the toolhouse before going to the stations, and end on their return to that point, a condition in many cases materially decreasing the actual hours of labor. While required to raise minimum wages to the level demanded by Yarrow, the companies must not reduce any wages which now exceed the minimum prescribed. Finally, it is demanded that the companies shall continue to employ agitators and their followers who may be hindering their business and must not discriminate in favor of loyal and independent men.

WOULD CLASSIFY.

For a number of weeks conferences have been in progress between representatives of many of the leading operating companies for the purpose of agreeing upon a uniform classification of all oil field labor and a uniform scale of pay based on hours of work. Now that they have completed their work it is expected that most of the smaller companies will follow their example and adopt the same classification and wage scale.

In the past there has been the widest difference between the classification of men in various lines of work as well as in pay by various companies. The big companies have agreed to do away with this confusion.

San Joaquin Valley wages are fixed as follows:

Cable crews, four men, two on each twelve-hour tour of duty—Driller, 66 2-3 cents per hour; tool dresser, 45 5-6.

Rotary crews, ten men, five in each tour—One driller, 66 2-3 cents per hour; one derrickman, 45 5-6 cents; three rotary helpers, 37 1-2 cents each.

In the producing division—Pumpers, 33 1-3 cents per hour; rig builders, 77 7-8 cents; roustabouts, 44 2-3 cents; ordinary laborers, 33 1-3 cents. Gang pushers, the title adopted for petty bosses previously known as foremen, chief roustabouts, gang chiefs and by various other titles, will receive the pay of either roustabouts or ordinary laborers, according to the classification of the men under their orders, with 50 cents per day additional.

In the south and coast fields pay will be as follows:

Cable crews—Drillers, 58 1-3 cents; tool dressers, 37 1-2.

Rotary crews—Drillers, 58 1-3 cents; derrickmen, 37 1-2; rotary helpers, 33 1-3.

Producing division—Pumpers, 33 1-3 cents; rig builders, 66 2-3 cents; roustabouts, 33 1-3 cents; ordinary laborers, 33 1-3 cents. Gang pushers will receive 50 cents per day more than the men under their orders.

It will be seen that the pay even

ANNOYING SYMPTOMS

How Heat Flashes, Dizzy Spells and Other Bad Feelings at Change of Life may be Relieved.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was so troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dizziness, nervous feelings, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness.

Traitors Deounced

(Continued from First Page.)

One of the biggest moves to assist the bond campaign was made by the Red Cross War Fund Committee, comprised of 150 Los Angeles business men and the organization which collected over \$1,000,000 for the Red Cross Society.

The dining-room of the Alexandria will be divided in the same fashion as during the Red Cross campaign and two teams have been organized. Among those on the teams are Stoddard Jess, Harrington Brown, R. W. Burham, W. J. Dodd, H. Jevne, F. E. McMullen, H. M. Burgwald, Karl Triest, Edward Maser, S. W. Crabb, W. L. Valentine, H. W. O'Melveny and Harry M. Haldeeman.

The plan of the campaign as outlined by Chairman Haldeeman calls for daily noon meetings of the organization at which time each team will report progress covering the amount of bonds sold.

The Boy Scouts started their five days' drive for the loan with \$16,200 in subscriptions reported collected on the first day. The Scouts have five days to work, in accordance with the proclamation of President Wilson, and they have undertaken their campaign with great earnestness.

The general distribution committee which is directing the canvass of the retail stores of Los Angeles reports splendid results. Meetings of employees of many of the big stores of the city are being held daily and in quite a number of the

stores every employee on the payroll has already entered his or her subscription. D. A. Hamburger is chairman of this committee.

The Parent-Teacher Association reports big success in its part of the campaign. In a number of moving-picture theaters the association will stage programmes, the proceeds of which will go toward a fund for purchasing bonds.

TWICE SEEKS ARREST.

Ohion Declares He's Wanted for Embezzlement in the East and Decides to Surrender.

Everett Long Mansfield, 25 years old, who says that he is from Lima, O., Saturday night made a second, and this time a successful, attempt to be arrested. He walked into the Central Police Station and surrendered himself to Col. Emil Block, in charge of the detective counter, with the statement that he is wanted in the Ohio city for embezzling \$350 from the Western Ohio Railway.

Mansfield says he was a baggage-man attached to the Lima passenger station, and that on October 5 he was given the money by Ticket Agent James Berry, to be deposited in a bank.

"I took the money and went into a gambling house to make a fortune. When I came out I had lost every cent, so I kept on moving," the man told Detective Sergeant Toomer and Vernard, who questioned him. He said he sent a telegram to Lima offering to return there, but received no answer.

Acting Lieutenant Roberts finally consented to lock up the man pending receipt of instructions from Ohio.

STABILITY STATEWIDE SERVICE SAFETY

The Bank of Successful Men

The Security Trust & Savings Bank has been for nearly thirty years the Bank of Successful Men in Los Angeles.

The success of a bank must reflect the success of its customers. A man who is careful, thoughtful, prudent naturally selects the bank in which he will deposit his money from the standpoint of safety. A good business man is a good judge of banks.

As Los Angeles grew from being a town to be one of the great cities of the nation, so has the Security Bank grown from a very small beginning until it is one of the greater banks of the United States. Many of its early depositors have done well. Their savings grew into "investments," they are now heavy depositors.

The same management, the same safety, the same spirit of service to its customers are at the Security Bank now that characterized it from its beginning.

Why don't YOU decide NOW to start upon the Security Route to success? One dollar opens an account.

\$2.50 Neckwear . . . \$2.25 \$3.00 Neckwear . . . \$2.75
(Neckwear; Main Floor)

Seventh Street at Olive—COULTER'S

YOUTH IS HELD AS A BURGLAR.

Man is Said to Have Worked in Early Morning.

Robbed Citizens While They Were Asleep, is Charge.

Prisoner Denies Accusations of Police Officers.

A felony complaint, charging Roy Green, colored, 18 years old, with burglary, will be sworn to tomorrow by Detectives Winn and Canto, who arrested him three days ago at First and Main streets. It was stated yesterday.

Young Green, according to the detectives, robbed several homes in the Hollywood section. On two occasions he is accused of robbing married couples, making them stand up in their beds while he rifled their clothes.

Six robberies, said to have been committed by the boy, have been located by the police. The first of these was committed on the 11th inst. in the home of Mrs. C. M. Van Dorn, No. 455 North Ardmore avenue.

According to the authorities, young Green entered her home and after securing jewelry valued at \$390, was about to leave when Mrs. Van Dorn discovered him. She fired five shots at him but none of the bullets found its mark.

W. W. Hickman of No. 5583 Carlton way was robbed in his home at 2 o'clock in the morning of the 15th inst. It is said, by the young man who took it, is alleged, silverware valued at several hundred dollars.

Mr. and Mrs. Frank Simmonds of No. 5444 Santa Anita street were aroused from their sleep at 4 o'clock on the 15th by a man whom they say is Green, who forced his way into the house at the point of a gun, to stand up in bed, while he made her husband give him \$25.

Another of Green's alleged burglaries did not result so profitably. On the 16th inst., at 2 o'clock a.m., he awoke Dr. and Mrs. L. R. Boucher, it is said, and making them stand erect in their beds, took 75 cents from the doctor's trousers, secured a bunch of keys and a watch and then left.

The name of C. L. Bucher of No. 4891 West Seventeenth street was robbed on the 16th inst. of a clock and a child's bank. The clock was later found in a school yard.

Green was arrested by Detectives Winn and Canto, immediately after he is alleged to have pawned a number of watches at First and Los Angeles streets. He alleges that he acted as a lookout for the robbery.

September 29 Green was arrested by Patrolman Chester Smith on a charge of threatening to kill L. L. Ramirez, proprietor of a restaurant at No. 1217 Broadway.

He was released on this charge two days later.

OUT OF HIS PAJAMAS.
While Joe Pappas of No. 1343 East Seventh street slept yesterday morning someone entered his room and extracted \$25 from the pocket of his pajamas, according to a report he made to the police yesterday.

Detectives Fitzgerald and Harris were detailed to investigate.

SEEK W. C. EVANS.
The police yesterday were asked to look for W. C. Evans, 42 years old, five feet five inches tall, weighing 153 pounds. He disappeared from a local railway terminal late Thursday evening, with \$1400 in his person. He was about to board a train with his wife and child for Sedalia, N. Y. It is feared that he met with foul play.

WOULD TAKE OVER CLARK BUS LINE.

The Clark Bus Line, Ltd., Saturday filed with the State Railroad Commission an application for authority to acquire all the automobile line belonging to Truett Clark, who operates a private interurban stage between Los Angeles, San Bernardino, Pomona, Ontario and intermediate points, to issue and sell \$15,000 of its capital stock to Clark, and to issue to Clark \$3000 capital stock in payment for the individual business carried on by him under the name of the Clark Bus Line.

Mr. Clark is one of the incorporators of the company, and the application states that his private stage business is worth, outside of unpaid balances on lease contracts, \$8200. The application further says that the \$15,000 cash to be received from the sale of stock will be used to buy five White sixteen-passenger automobile busses, and that the Clark company will operate over the same routes and at the same rates as has Mr. Clark, charging \$1.25 one way between Los Angeles and San Bernardino and \$2 for the round trip with varying rates between intermediate points.

AS ALIEN ENEMY.

German Born in Mexico is Held for Federal Investigation—Says He can Prove Innocence.

Charged with suspicion of being an alien enemy, Hans Ewald, 38 years old, a non-naturalized German of Santa Ana, was arrested early yesterday morning by Officer Laurason and held in the City Jail for Federal investigation.

The police allege that Ewald was making seditious remarks in a cafe on North Spring street. According to Ewald's story, he came to Los Angeles Saturday evening for a "good time," and in the course of it visited a Spanish restaurant. He was born in Mexico, he asserts, and speaks Spanish better than he does English.

Two men, Ewald states, asked him for the opinion in Mexico about the United States in the present war, and he remarked that the foreigners in Mexico considered that President Wilson made a mistake when he ordered the American troops out of Vera Cruz. He denies that he is guilty of the charge against him.

SELL BONDS IN AZUSA.

(LOCAL CORRESPONDENT.)
AZUSA, Oct. 21.—An active campaign has been launched here to sell the local quota, \$76,000 of Liberty Bonds.

The fact that the United States has been organized with Murray Vosburg as chairman.

MAKE EARLY START.

(LOCAL CORRESPONDENT.)
MONROVIA, Oct. 21.—Plans are already being made for a community patriotic Christmas tree, with a big tree in Library Park and a chorus to sing Christmas songs.

Conservation.

LIST PRODUCTS THAT YOU CAN'T SHIP ABROAD.

Shipments that the bureau watches closely are those which include foods, leather, oils and other products, which play a big part in our national prosperity and welfare. Anyone desiring to export such products must have a license from the bureau, list the shipment as to quantity and price, and apply for a license to ship it. The license costs nothing.

The Los Angeles office may receive shipments to England, France, Italy and other countries, but exportations to other countries must be made by applying for license and receiving it by telegraph from Washington.

HUNT BETRAYER.

Police of Coast Cities are Asked to Hunt Man Who Gave Names of Military Men.

Repeating his story of having been chloroformed and kept prisoner in a bungalow in the outskirts of the city by a man whom he trusted, Miss Day, 17-year-old high school girl, yesterday gave fresh details. It is said, of her running away from her home, September 29, to a hotel, and then to a bungalow.

With her deposition as a basis, the police in Coast cities were asked yesterday to locate the man who, she believed, was going to marry. She told the authorities that she had left the home of her aunt, Mrs. M. S. Sedgwick, No. 8919 San Fernando street, with the understanding that she would be married within two hours.

Instead of this, the girl alleges, the man she trusted took her to his apartments and mistreated her.

FOR DEAD SOLDIER.

Hypnotist HARRY W. COLEMAN Services; Loyal Legion Members to Act as Pallbearers.

Bishop Johnson of the Episcopal Diocese of Los Angeles will conduct funeral services for the late Brig.-Gen. George H. Burton at the family residence, No. 974 Eldon avenue, at 11 o'clock this forenoon.

A big delegation from the Military Order of the Loyal Legion, of which the deceased was a member, will attend the funeral. The pallbearers will be Col. Robert D. Rigd, U.S.A., Maj. R. W. Johnson, U.S.A., Gen. C. H. Whipple, U.S.A., and R. H. Labor, Paul Pompton and Dr. A. M. Felton.

REPORTS BOLL GONE.

R. E. Mierau of No. 102 North Indiana street reported to the police yesterday morning that his pocket was picked of \$150 while he was in a cafe at No. 308 South Spring street. Although Detectives Brand, Houston and Newett searched the cafe thoroughly they could find no trace of a pickpocket.

BOARD:
 The work in the Southern California
 beet fields is about over; but the crops of
 cotton and milo maize in Imperial Valley
 are ready for harvest. Farm labor has
 never been in such demand in Southern
 California as it is right now and wages
 were never so high. All about for Niland,
 Brawley, Imperial and El Centro!

GET A LIBRARY CARD.
 If you are mentally lazy take out a
 library card and get a good book every two
 weeks. It is a splendid way to cultivate the
 habit of reading. If a person knows he can
 keep a book for only two or three weeks he
 will read it even if he has to give up a
 game of pool or a picture show to finish it.
 On the other hand, the same book, if one
 owns it, might lie on his table for a year
 and never be looked into. In regard to lit-
 erature the sense of possession seems to
 encourage procrastination in study.

PARLIEZ VOUS FRANCAIS?
 Thanks to the efforts of Brig.-Gen.
 Cameron, a school of French instruction
 has been organized in the Fortieth Division,
 Camp Kearny. Considering the country to
 which these young men will most probably
 be sent it is only fair to teach them the
 language of romance. When they reach
 French soil and some bright-eyed little
 beauty says, "Parlez vous Francais?" they
 will be able to answer "Bonne Mikel." But
 your sweet life—and I hope I find you the
 same.

THE BIG PURPOSE.
 Secretary of the Treasury McAdoo
 says that 1,000,000 American soldiers will
 be at the front by next spring and that
 there will be no peace until Germany is
 utterly defeated. The destruction by the
 Germans of the ship Antilles with the loss
 of at least seventy Americans has awakened
 this country as no other event since the
 declaration of war. The United States gov-
 ernment has long foreseen the intentions
 of Germany, and President Wilson, the
 Congress and Senate meant business from
 the first. The whole people are beginning
 to realize the gravity of the situation and
 they are going into the war, tooth and nail,
 not only to avenge the precious American
 lives snuffed out by the Germans both since
 and before war was declared but to compel
 Germany to respect the lives of all men, to
 make the seas safe for commerce and to
 help make this nation and every other na-
 tion forever safe in liberty under righteous
 laws.

SEARCH THE SCRIPTURES.
 King Solomon, looking forward to the
 twentieth century, spoke of Bob La Fol-
 lette as follows:
 "He deviseth mischief continually: he
 soweth discord." (Proverbs vi:15.)
 "A prating fool shall fall." (Proverbs
 x:16.)

"Stripes are prepared for the backs of
 fools." (Proverbs xiii:3.)
 Solomon said to the farmers: "He that
 witholdeth corn the people shall curse
 him; but blessing shall be upon the head of
 him that selleth it" (at \$1.50 per bushel!)
 (Proverbs xi:26.) And again: "He that
 tilleth his land shall have plenty of bread."
 (Proverbs xxviii:13.)

King Solomon had queer ideas of female
 loveliness. He said of his beloved: "Thy
 hair is as a flock of goats; thy teeth are
 as a flock of sheep; thy nose is as the tower
 of Lebanon; thy eyes are like to a pen-
 nant and thy breasts to clusters of grapes
 and the smell of thy nose like apples," etc.
 etc. For further particulars see the sixth
 and seventh chapters of Solomon's Song.

THE SPEECH OF BRUTES.

In Hudson's "Green Mansions" there
 is a character, a young girl, who was nur-
 tured in the wilds of a South American
 forest and who speaks a strange, fasci-
 nating language that can hardly be trans-
 lated into human speech but which the
 birds, frogs, snakes and all the wild crea-
 tures seem to understand. A great deal has
 been written about the instincts of the
 lower orders of animals; but it is question-
 able if any positive proof has ever been
 given that the various species of insects,
 birds and beasts do not actually reason and
 that they have not each a language of their
 own which man, with all his boasted intelli-
 gence, has never been able to learn. Just
 as every form and color represents a spe-
 cial power or hidden principle and is a sym-
 bol of the vital force or thought that is re-
 sponsible for its materialization, so every
 sound has a meaning of its own, though the
 greatest linguists and musicians seem to be
 incapable of defining and translating many
 apparently simple sound vibrations. Merely
 because the Creator has made some animals
 in such a manner that they seem unable to
 develop their power of reason and speech
 does not necessarily imply that these crea-
 tures do everything mechanically and that
 they never think. Perhaps, after all, the
 dumb animals are not so dumb as men are
 deaf to their speech. The psychology of
 the brute creation is destined to become a
 more popular study in the future than it
 has ever been in the past and it is probable
 that through this study man will discover
 many principles of tone for which science
 and art have long sought in vain.

IF IT WERE NOT FOR MR. CARNAHAN.

THE people of the State of California saw fit to elect a so-called Progres-
 sive State administration, under the way of which there was enacted
 a so-called "blue-sky" law, a statute under which there was created a
 State Corporation Department, consisting of a single commissioner clothed
 with vast and arbitrary powers of supervision and control of every com-
 mercial, industrial or business enterprise that might be launched within the
 State. Since its creation the office of Commissioner of Corporations has
 been filled by H. L. Carnahan.

Instead of "blue sky" the title of this statute should be "star chamber"
 law. It confers upon the Commissioner of Corporations the most extreme
 and autocratic powers. Without Mr. Carnahan's permission no California
 corporation may issue a single share of stock out of its treasury. Mr. Car-
 nahen must know every detail of the company's business, he must be told ex-
 actly why the share is to be issued, at what rate it is to be paid for, and he
 may prescribe all sorts of conditions, possible or impossible.

II.

WHEN a company wants permission to sell stock to the public, Mr.
 Carnahan arbitrarily decides whether or not the promoters have had
 sufficient experience to conduct the business, and when he determines
 (solely by his personal theories as to fitness and experience,) that they have
 not, he forces them to advertise the fact far and near or abandon their enter-
 prise.

Some time ago an oil operator of some ten years' experience in pros-
 pecting, development and finance, a general business man of wide experi-
 ence, and a former county official, sought to finance a corporation of a co-
 operative character to supply gasoline at low rates to its own stockholders.
 Permission was sought to sell stock to garage men and automobile owners.
 Mr. Carnahan, or his subordinates, spent many weeks prying into every de-
 tail of the plan and into the past life of the promoter, a career which, by
 the way, was an open book, free from all possible suspicion. Finally, the
 commissioner gave permission to sell the stock under a wonderful plan.
 In the permit, which the law requires to be shown to each stock purchaser,
 the commissioner first declared that the promoter was telling a lie when he de-
 scribed his plan as co-operative—a cruel slur calculated to do harm to the
 enterprise and to the gentleman personally. Second, the commissioner took
 great pains to state that the promoter had no special qualifications for con-
 ducting such an enterprise as he was seeking to inaugurate, it being his per-
 sonal opinion that a lifetime spent as merchant, public official, promoter and
 manager of several oil companies and general business man were not satis-
 factory qualifications for the conduct of an oil refinery and for the sale of
 gasoline. Third, the commissioner required that all the money received from
 the sale of stock should be escrowed until the work of financing was com-
 plete, thus throwing upon the promoter personally all the heavy expense of
 pushing the enterprise in its earliest and most difficult stages. Fourth, it was
 required that every subscriber for a share of stock must prove first that he
 had \$500 worth of property. Under these circumstances the enterprise was
 abandoned. The case is one of many.

III.

WHAT has been the result of this law? A degree of stagnation in Cali-
 fornia development and promotion that strikes with amazement the
 business men newly arrived from the more active sections of the
 country who has yet to learn the workings of California "Progressive" leg-
 islation. There is no State that stands in more need of development or that
 offers more opportunities to the developers, yet speculative capital shuns the
 State as people shun a city infected with the plague. Railroads are needed,
 and they are not being built. Rich mines and excellent mineral prospects lie
 idle. Development of gas and electric power, all abundant, is slow.

We freely admit that there are many other and great handicaps upon
 development, not all by any means the result of State legislation or of any
 legislation whatever, but when the last word has been said, and the blame
 for the existing stagnation has been apportioned between the outrageous
 oil land withdrawal orders of the Federal government, the shortage of steel,
 the war, and the "Progressive" legislation of California, it is plain that a tre-
 mendous share of the fault must rest upon the "blue-sky" law. That this
 charge is true is shown by the fact that every State in the Union suffers from
 the war and from the shortage of steel just as much as does California,
 nevertheless not a few of them are passing through periods of the most active
 development and prosperity. The oil industry of Wyoming, Colorado and
 Montana is suffering as much as that of California from the war and the steel
 shortage, and the Federal government has tied up in withdrawal orders an
 enormous area of their public-owned oil or prospective oil lands, thus intro-
 ducing all difficulties we are facing here in the way of litigation and uncertain
 titles to many rich properties, but nevertheless, these States are advancing
 their oil development by leaps and bounds. Capital is rushing there from
 every part of the country and local capital is going into oil development.
 Fortunes great and small will be made. Of course, there will be losses, too,
 but that is inevitable. Where is the man today so idiotic as to condemn
 the work of the gold-seekers and developers of '49 because a great many
 were unsuccessful and lost what little they had, if they had anything, or be-
 cause there were rogues among them who robbed stockholders in companies
 they managed or because there were incompetents who wrecked their enter-
 prises?

IV.

HERE in California the condition of the oil industry is a fine example of
 the straits to which "Progressive" legislation has brought the State.
 Despite the withdrawal orders, oil land (proved and prospective,) abounds.
 In Ventura county there are no withdrawals. There are prospects in
 Imperial, San Bernardino, Mono and other counties where all the govern-
 ment land is still open. There are vast areas of prospective land patented
 and secure as to title, but only a comparatively small proportion of it is being
 tried and tested.

And the development and prospecting being done, by whom is it being
 carried on and how? Formerly stock companies were financed at home to
 develop California fields. Men of small means speculated, some won and
 are now millionaires; others lost; but the net result was the wonderful
 development of California. Today it is the big companies that are doing
 the development, big companies organized and financed long before the
 "blue-sky" law went into effect—the Standard, the Associated, the Union—the
 new big companies like the California Petroleum and the Pan-American,
 organized under the laws of other States and financed by millionaires and
 on the New York Stock Exchange, or the New York Curb, where the Cali-
 fornia "blue-sky" law cannot touch them.

Look over the few new fields now being prospected in California and
 see how they are being developed and by whom. Take the new district
 of Montebello and Repetto Hills, just east of Boyle Heights. Here is the
 list of companies engaged in prospecting and development work: Standard
 Oil Company of California, financed with tens of millions of dollars long
 before the "blue-sky" law was heard of; the Union Oil Company, financed
 years ago; Rice Ranch Oil Company, formed twelve years or more ago,
 and now free to spend without permission from Mr. Carnahan money which
 it has made in the Santa Maria field; Inter-State Oil Company, an old Mid-
 way operator, fully financed long ago; California Petroleum Corporation,
 financed and owned in Wall street, where Mr. Carnahan has no jurisdiction;
 the Pan-American, also financed outside of the sphere of California "Progres-
 sive" legislation; the Petroleum Midway, an old company, now almost, if not
 quite, a close corporation, with E. L. Doheny as president; Amalgamated
 Oil Company, a subsidiary of the Associated, financed many years ago, and
 the Riverside Portland Cement Company, which last corporation, organized
 many years ago, is developing with money out of its own treasury—over
 which Mr. Carnahan has no control—a substantial area of prospective oil
 land in the hope of getting oil fuel for its own use.

V.

THERE is not the slightest chance under the conditions prevailing in
 California today for the formation of any of the stock companies
 financed by the men of small capital seeking a chance to strive for
 big stakes, the companies that made California's present development pos-
 sible. Californians who seek such chances must go to Wyoming, Montana,
 Colorado and even Mexico. They are going, too. A list of California
 developers, men who helped to make the oil industry of the State, who
 are now in the game in the Rocky Mountain region and who have abandoned
 California, sometimes wholly, sometimes as far as new ventures are con-
 cerned, would make interesting reading and furnish food for thought.

California needs more refineries. Just two of any magnitude are now
 building or proposed; one of these by the Union Oil Company, the other
 by the General Petroleum. Enlargement of existing facilities, too, is rarely
 undertaken except by such companies as these or by the Standard, all of
 which can finance the work without coming under the jurisdiction of Mr.
 Carnahan, asking his permission, and telling him all their business affairs.

Meanwhile, new companies for developing oil, for building pipe lines
 and refineries are starting every day in the Rocky Mountains. They would
 be starting up here, too, but for Mr. Carnahan and the law under which his
 office was established and which he is administering. The Times blames the
 law more than Commissioner Carnahan.

Weeds in the War Garden.

LOCKING UP THE GOLD.

A telegram from Washington states
 that President Wilson has called upon all
 eligible non-member State banks and trust
 companies to join the Federal reserve sys-
 tem without delay, that they may contribute
 their share to the consolidated gold re-
 serve of the country and aid more effec-
 tively in "a vigorous prosecution and suc-
 cessful termination of the war."

Possibly Mr. Wilson has been reading
 Addison, who said:

"A man who is furnished with arguments
 from the mint, will convince his antagonist
 much sooner than one who draws them
 from Reason and Philosophy. Gold is a
 wonderful clearer of the understanding; it
 dissipates every doubt and scruple in an
 instant; accommodates itself to the mean-
 est capacities; silences the loud and clam-
 orous, and brings over the most obstinate
 and inflexible. Philip of Macedonia was
 a man of most invincible reason this way.
 He refuted by it all the wisdom of Athens,
 confounded their statesmen, struck their or-
 ators dumb, and at length argued them out
 of all their liberties."

And Shakespeare said:

"Why this
 Will lug your priests and servants from your
 sides;
 Pluck stout men's pillows from below their
 heads;
 This Yellow Slave
 Will knit and break religions; bless the ac-
 cused;
 Make the hoar leprosy kneed; place thieves
 And give them title, knoe, and approbation."
 And Johnson said:

"The lust of gold succeeds the lust of con-
 quests;

The lust of gold, unfeeling and remorseless,
 The last corruption of degenerate man."

It is not probable that the President pro-
 poses that the banks shall "contribute to
 the consolidated gold reserves of the coun-
 try"—as he puts it—by locking up in their
 vaults all the gold of their depositors, pay-
 ing all checks in paper currency and refus-
 ing to make loans in gold. It is not clear
 that any amount of gold, held in private
 ownership and locked up in bank vaults and
 safe deposit vaults from Maine to California
 would be of any use to the government as
 a gold reserve.

Doubtless the President contemplates
 legislation by Congress that will compel all
 banks to surrender their gold to the gov-
 ernment in exchange for United States
 treasury notes or national bank notes, which
 paper money would be or would be made
 a legal tender for all debts, public and pri-
 vate.

CULTURAL OR KULTURAL?

Germany's latest offer is to grant cul-
 tural autonomy to Belgium and Poland.
 In view of the wholesale murder, rapine
 and other crimes committed by the Ger-
 mans in Belgium, the Allies have a right
 to question just what is meant by "cul-
 tural autonomy" and what country is to
 teach the Belgians the meaning of that
 phrase. Let us hope for the sake of the
 Belgians that it is not "kultural" autonomy!

A GOOD MOVE.

Los Angeles is to provide vocational
 training schools for young men so that
 they may fill the places of men called to
 war. There are arguments both for and
 against the vocational school, but the tem-
 porary advantage of the system cannot be
 questioned. The vocational training school
 should become a national institution at
 least until the end of the war.

THE FUNNY FELLOWS.

Tactful Lover.
 Ardent Suitor: Oh, Marion! How
 beautiful you look tonight!
 "Now please don't, Bruce; you
 know I don't like to be flattered."
 "No nice girls do!"
 (And the rest was comparatively
 easy.)—[Tidwell.]

Passed the Censors.

William Allen White's latest let-
 ter from the front is dated from
 "Somewhere in France (can't spell
 it.)" Which is believed to be the
 fullest address the war censors have
 let through in many a day.—[Kan-
 sas City Star.]

An Efficient Spender

He: I want you to help spend my
 salary.
 She: Am I not doing that?
 He: No, no; I mean forever and
 ever.
 She: It won't take me as long as
 that.—[Lamb.]

It Never Happens.

"Are you glad you don't have to
 go to war?"
 "Glad! Look here, I've got per-
 sonal pride the same as other peo-
 ple. Everybody admires a soldier."
 "But the toiler has his dignities."
 "Maybe. But you never yet saw
 the girl look at a man in an old
 hat and overalls and say, 'Ain't he
 grand!'—[Washington Star.]

Looking the Part.

"How very seedy your friend
 looks!"
 "Naturally. He's just come out
 of an agricultural college."—[London
 Answers.]

Well Informed.

"Man, why did you give your wife
 a pearl necklace four birthday pres-
 ents? Do you know that pearls mean
 tears?"
 "Don't I just! She cried till she
 got 'em."—[Baltimore American.]

RIPPLING RHYMES.

SOMEWHERE IN FRANCE.

Somewhere in France I would
 like to be fighting, putting in licks
 for the land of the free; oh, it is
 woman's work, scribbling and writ-
 ing, when there is scuffling across
 the blue sea! But I am fat and my
 whiskers are hoary, and they won't
 give me the least little chance; oth-
 ers must harvest the laurels and
 glory, somewhere in France, some-
 where in France. When the war's
 over the boys will be telling, tell-
 ing of valorous feats they per-
 formed; stories of marching and
 shooting and shelling, barricades
 taken and cities they stormed. I
 must be silent; I can't tell a story.
 I cannot boast of a dauntless ad-
 vance; I am too fat to be gathering
 glory, somewhere in France, some-
 where in France. Danger appeals to
 me, deeply I love it, but I must stick
 to my rusty old tyre; oh, gladder
 soldier, your fortune I covet, here
 in my slippers, my feet at the fire!
 Gladly I'd go in the field red and
 gory, gladly I'd flourish the shot-gun
 or lance; fat men, however, are
 barred from all glory, somewhere in
 France, somewhere in France.

WALT MASON.

HITS AND MISSES

BY OTHER PAPERS.

We object to Mayor Thompson of
 Chicago running for Senator. Every
 sink who makes himself notorious
 insists upon trying to reach Wash-
 ington, and too many of them suc-
 ceed.—[Washington Post.]

When it becomes necessary or
 even desirable in time of war to
 censure a Senator for disloyalty, fail-
 ure to accept the logic of the situa-
 tion and expel him is taking refuge
 behind a technicality of the worst
 kind, and it is a technicality which
 will delight the hearts of all Ger-
 man philosophers, professors and
 hair-splitters.—[New York World.]

One result that seems to be almost
 assured as consequent upon the war
 is that the United States for some
 years to come will enjoy a domina-
 tion, if not a practical monopoly,
 of the apple trade of the world. When
 the orchards in Europe have not
 been shot to pieces, as in Northern
 France and Northern Italy, they
 have seriously deteriorated through
 neglect and inattention, as in Rus-
 sia. When the war is over and the
 peoples of Europe have time and
 taste and means to eat good apples
 once more, they must necessarily
 turn to this country to supply their
 need.—[Deseret News.]

Women are being organized to of-
 fer their services to the government
 in camouflage work. Providence
 moves in mysterious ways; nature
 wastes nothing, neither of material
 nor energy. Consider how long
 woman has wrestled with frizzes,
 bustles and other contraptions that
 a bachelor paragrapher can only
 surmise in an effort to make her
 look what she wasn't! 'Twas vanity
 that spurred her on, but she was a
 tool in the hands of destiny; and
 now the motif appears and her skill
 is the subject of frequent quotation
 and discussion. Why should Robert
 Marlowe La Follette despair?—[Lou-
 isville Courier-Journal.]

As soon as the roads get good in
 the spring there will be an over-
 whelming advance. Hindenburg will
 fight a tremendous battle in Central
 Belgium to get his army back across
 the deep gorge of the Meuse. He
 will be overwhelmed and defeated.
 The long German line will be like
 an arch from which the keystone
 has been pulled; there will be a rush
 from all sides to see which army
 can get to Berlin first. Peace will
 be made in Berlin with the German
 people, who will rise in revolution
 against the ruthless autocratic caste,
 which has lied to them, brought
 measureless miseries upon them,
 slaughtered their sons by the mil-
 lion, and brought the flourishing
 country down to bankruptcy.—[Na-
 tional Tribune.]

PEN POINTS.

Let your dollar tell for the Lib-
 erty Bond.

What has become of Dr. Charles
 W. Eliot's plan for peace?

Wonder what the states who
 will look like after the war?

In these aviation days it is im-
 possible for an American to gain
 great military reputation on air.

It is now possible for a man
 to save the money he usually spends
 in ham and eggs and buy a ham.

Bolo Pasha is again in trouble.
 What a comic opera name! How
 B. Smith must have disapproved.

As we understand the situation,
 Austria-Hungary is willing to give
 along without a place in the war.

The "Deficiency Bill" of the
 Congress amounted to more than
 \$7,000,000. "Gum-shoe" Bill
 Missouri does not come from the
 state.

Another way to conserve food
 is to eat one biscuit where you
 eat two. They need not be made
 be the kind that mother used to
 make.

When the American revolution
 on the firing line and began to
 there will be additional evidence
 the falling back of the German
 battalions.

There are quite a few fields in
 Angeles and elsewhere who
 to be opposed to the war, and
 they are not their views and
 make conversation.

Three-cent postage will have
 little upon the treasury of the
 one German and pacifist
 which depend upon the money
 fluence Congress.

Quite a number of our
 citizens are beginning to know
 deal soap bubbles for the
 1918. And the results will be
 most as permanent.

It is all very well for the
 ment to fix the price of oil, but
 Congress cannot legislate the
 supply. There are a few things
 even a Democratic Congress
 do.

When the neutral nations
 longer allowed to transport
 supplies to Germany, they may
 out of the neutral class. They
 plies to Norway, Sweden and
 land.

It is figured out in Germany
 they have enough potatoes
 last until the next crop—of
 nothing but cabbage in the
 time. That means a hard
 krait industry.

In the hurry-burry
 seems to have forgotten the
 Irish convention in southern
 line. Something the same
